The Young Unite in JESPeR

2002 2003

The young unite in ESPR

JESPeR assigned high priority to three particular areas:

1. It is crucial that the emerging group of young paediatric radiologists get involved in decision making within the ESPR.
2. JESPeR must act as an information hub for young paediatric radiologists.
3. JESPeR should promote academic research among young paediatric radiologists.

1. Get involved in decision making

Chair Junior ESPR (JESPeR)

Jun 2003 - Jun 2008 · 5 yrs 1 mo

JESPeR is aimed at pediatric radiologists with less than five years of experience within the field of pediatric radiology. Its aim is to act as an information hub for young pediatric radiologists and to promote cooperation between them.
